

Individual Trap Report: Glendale Secondary School Trap # EQP-CLL-523

Your classroom made an important contribution to the Fall 2014 [School Malaise Trap Program](#) and helped to make it a huge success. Your trap collected a total of 108 specimens in week 1 and 2 specimens in week 2. Summed across the two weeks, your sample ranked 59 out of 59 for the total number of specimens collected. Within your sample, there were 26 species, which ranks your sample 59 out of for species diversity. The species you collected came from several different groups (see pie chart below) and 5 species were *only* collected in your trap. Your class should be pleased to have made this contribution to the [International Barcode of Life](#) project, the largest endeavour in biodiversity science.
