

Individual Trap Report:

Eastdale C.I.
Trap # EQP-CLL-605

Your classroom made an important contribution to the Fall 2015 [School Malaise Trap Program](#) and helped to make it a huge success. Your trap collected a total of 1400 specimens in week 1 and 2272 specimens in week 2. Summed across the two weeks, your sample ranked 1 out of 64 for the total number of specimens collected. Within your sample, there were 54 species, which ranks your sample 39 out of 64 for species diversity. The species you collected came from several different groups (see pie chart below) and 9 species were *only* collected in your trap. Your class should be pleased to have made this contribution to the [International Barcode of Life](#) project, the largest endeavour in biodiversity science.
