

## Individual Trap Report:

### École Cedardale

### Trap # EQP-CLL-716

Your classroom made an important contribution to the Fall 2015 [School Malaise Trap Program](#) and helped to make it a huge success. Your trap collected a total of 56 specimens in week 1 and 276 specimens in week 2. Summed across the two weeks, your sample ranked 44 out of 64 for the total number of specimens collected. Within your sample, there were 41 species, which ranks your sample 42 out of 64 for species diversity. The species you collected came from several different groups (see pie chart below) and 11 species were *only* collected in your trap. Your class should be pleased to have made this contribution to the [International Barcode of Life](#) project, the largest endeavour in biodiversity science.
